Banners created from Photoshop, Freehand, or InDesign:

Send as flattened **Photoshop** PDF, at **150dpi**. Scale 1: 1

Banners with any photos, gradients, bitmap or jpeg images:

Send as flattened **Photoshop** PDF, at **150dpi**. Scale 1: 1

Banners with vector based graphics (discluding InDesign and Quark):

Send as PDF, all text/fonts converted to objects. No strokes or hairlines on objects, logos or text. Scale 1: 1

BLEED: Ropes and Eyelets: 25mm on all sides

Sleeves for poles: Variable- ask the person in charge of your job.

NOTES: Banners larger than 5 metres can be saved at half size, 300 dpi

Keep your text/logos 50mm from the viewable image edge to avoid stitching through the text/logos

NO CROP MARKS

If you need to match colors:

Files must be set up with the correct Pantone (PMS) colors

You must also let us know the Pantone (PMS) numbers
